#### MINUTES OF MEETING INDIGO EAST COMMUNITY DEVELOPMENT DISTRICT

The Regular Meeting of the Board of Supervisors of the Indigo East Community Development District was held on Tuesday, November 20, 2018 at 9:00 a.m. at the Circle Square Commons Cultural Center at 8395 S.W. 80<sup>th</sup> Street, Ocala, Florida.

Present and constituting a quorum were:

John Gysen Frank DiPiero Terry Solan Donald G. Barnes	ē	Chairman Vice Chairman Assistant Secretary Assistant Secretary
Also, present were:		
George Flint Gerald Colen Rachel Wagoner Lynette Vermillion Robert Stepp		District Manager District Counsel Colen & Wagoner On Top of the World Communities On Top of the World Communities

#### FIRST ORDER OF BUSINESS

**Roll Call** 

Mr. Flint called the roll and there was a quorum present.

Mr. Flint: Just for the record Mr. Gysen and Mr. DiPiero are hold overs in their current seats. Until we get Mr. Brouillard here, they will continue to serve in their seats and then once we have the other three Board Members the Board can make a determination on reappointing them to their seats. Also, for the record I have administered the Oath of Office to Mr. Solan prior to the meeting. So, that brings us to the public comment period.

#### SECOND ORDER OF BUSNESS Public Comment Period

Mr. Flint: Are there any members of the public who would like to comment on anything on the agenda or not on the agenda for the Indigo East Board of Supervisors?

Robert Hutson, 8090 SW 81<sup>st</sup> Loop: There have been a lot of people commenting about the golf cart path or shared roadways. The signs are still there on the sidewalks that says, "you must use these for the golf cart paths." I don't think they were meant to be the legal golf cart path. At the last meeting they said that they knew they were there. Mr. Hisey said that they were supposed to be removed but they were never removed. Mr. Flint: Ok I can follow up with Mr. Hisey and Lynette on that issue. Thanks for bringing that up to our attention again. Any other comments? Hearing none, next item as follows,

#### THIRD ORDER OF BUSNESS Notice of the Meeting

Mr. Flint: The notice of the meeting was included in your agenda and was advertised in the Ocala Star Banner on September 18<sup>th</sup>, 2018 and you will see that November 20<sup>th</sup>, 2018 is indicated on that notice.

### FOURTH ORDER OF BUSINESS Organizational Matters

### A. Appointment of Individual to fulfill the Board of Vacancy in Seat 2 & 5 with a Term ending November 2022

Mr. Flint: The agenda says seat 4 but it is actually seat 2 and 5. As I indicated previously those seats will be addressed at a future meeting once we have all five Board Members here.

#### B. Administration of Oath of Office to Newly Appointed Supervisor

Mr. Flint: I have administered the Oath to Mr. Solan who ran unopposed for his seat, seat number 3.

#### C. Election of Officers

#### D. Consideration of Resolution 2019-01 Electing Officers

Mr. Flint: My suggestion would be to, if the Board is amenable, defer action on that until you deal with John and Frank's seats unless you want to deal with it today?

This item was deferred to the next meeting.

### FIFTH ORDER OF BUSINESS Approval of Minutes for the August 21, 2018 Meeting

Mr. Flint: Were there any additions, deletions or corrections to the minutes.

Mr. Barnes: Yes, I had one. On page 9 at the bottom, I actually made that comment and on the following page at the top.

Mr. Flint: So, on page 9 at the bottom where it referenced Mr. Cohen it should say Mr. Barnes. And then at the top of page 10 where it says Mr. Cohen its Mr. Barnes as well. Alright, any other comments on the minutes?

Mr. DiPiero: Yes, there is another correction on page 11 where it says Mr. Hisey that was actually me.

Mr. Gysen: The one on top Frank?

Mr. DiPiero: Both of them.

Mr. Flint: If there are no other corrections is there a motion to approve the minutes as amended?

On MOTION by Mr. Gysen, seconded by Mr. Barnes, with all in favor, the Minutes of the August 21<sup>st</sup>, 2018 Meeting, were approved as amended.

#### SIXTH ORDER OF BUSINESS

#### Consideration of Resolution 2019-02 Budget Amendment

Mr. Flint: The statutes require that if your total actual expenses exceed your total budgeted expenses you're required to amend the budget within 60 days of the end of the fiscal year. Which would be the end of November. So, we've provided a proposed amendment in your agenda and you can see the difference in right of way maintenance caused the budget to go over. So, we have adjusted the expenses to account for that. We've reduced plant replacement, tree trimming, pressure washing and some utility expenses to account for the increase in right of way maintenance. Any questions on the amendment?

On MOTION by Mr. Solan, seconded by Mr. Gysen, with all in favor, Resolution 2019-02 Budget Amendment, was approved.

#### SEVENTH ORDER OF BUSINESS Consideration of Agreement with Grau & Associates, Inc. to provide Auditing Services for Fiscal Year 2018

Mr. Flint: The next item is the engagement letter with Grau and Associates. As a governmental entity, the CDD is required to have an annual independent audit performed. You all went through an RFP process that's prescribed by the statutes. You selected Grau to perform

the independent audit. I believe this is the 2<sup>nd</sup> year of the engagement. They provided multiple years of pricing although you enter into annual year agreements with them and this is for a not to exceed of \$3,700. Are there any questions on the agreement? If not is there a motion to approve it?

On MOTION by Mr. DiPiero, seconded by Mr. Barnes, with all in favor, the Agreement with Grau & Associates, Inc. to Provide Auditing Services for Fiscal Year 2018, was approved.

#### **EIGHTH ORDER OF BUSINESS**

# RatificationofAgreementwithEarthscapesUnlimited,Inc.forMaintenance of Right of Way

Mr. Flint: Staff had provided you with quotes for the maintenance of the right of way and you had selected Earthscapes Unlimited to provide the services. This is just a ratification of the actual agreement that was executed between the District and the contractor. This runs from October 1, 2018 through September 30, 2021.

Mr. DiPiero: I've got a question on Exhibit A. Does it address anywhere in there about trimming the hedges? The only place I can see that might reference it was page 9 section 7 that talks about pruning. I don't think it specifically addresses trimming up the hedges. Am I missing that or am I correct?

Mr. Flint: That's the section that deals with it, the section you referenced.

Mr. DiPiero: Basically, it talks about moving dead branches and so forth but just for the looks I don't think it really addresses like the looks. Because some of those hedges are really overgrown. They are touching the bottom of the trees.

Mr. Flint: We can address that with Phil.

Mr. DiPiero: I'm sorry to throw a wrench in the work at this late hour here.

Mr. Flint: Well my suggestion would be, this agreement already been signed and it's in effect. So, the issue would be whether we need to go back and amend it for an increased level of service. Or whether they'll perform the services under the existing agreement. I can get with Phil Hisey after the meeting when he gets back from vacation. We can either address it administratively or if we need to make an amendment, we can bring it back to the Board.

Mr. DiPiero: Okay.

Mr. Flint: Any other comments on that agreement? If not, we have a motion to ratify it.

On MOTION by Mr. Gysen, seconded by Mr. Solan, with all in favor, the Agreement with Earthscapes Unlimited, Inc. for Maintenance of Right of Way, was ratified.

#### NINTH ORDER OF BUSINESS

# Ratification of Agreement with SharpFenceConstruction,LLCforMaintenance of Retention Ponds

Mr. Flint: Again, this is for Fiscal Year 2019 the Board previously approved their bid, and this is just ratifying the agreement that was executed subsequent to your last meeting. Any questions on the agreement? Is there a motion to approve it?

On MOTION by Mr. Barnes, seconded by Mr. Solan, with all in favor, the Agreement with Sharp Fence Construction LLC for Maintenance of Retention Ponds, was ratified.

#### **TENTH ORDER OF BUSINESS**

#### Staff Reports

#### A. Attorney

There being none, the next item followed.

#### B. Engineer

There being none, the next item followed.

#### C. District Manager

#### i. Approval of Check Register

Mr. Flint: You have approval of the check register from August 14<sup>th</sup> through November 13<sup>th</sup>, 2018. It totals \$52,502.65 and the detailed register is contained behind the summary. If there are any questions, we can discuss those. If not, I ask for a motion to approve it?

On MOTION by Mr. DiPiero, seconded by Mr. Gysen, with all in favor, the Check Register totaling \$52,502.65, was approved.

#### ii. Balance Sheet and Income Statement

Mr. Flint: Next is the unaudited financial statements through October 31<sup>st</sup>, 2018. This is the first month of Fiscal Year 2019. There is no action required by the Board on these. If you have any questions, we can discuss them.

#### Indigo East CDD

#### 2.0 ADA & WCAG Compliance – Introduction

Every individual must have equal access to information whether it is in person service or online. This is a general agreement and understanding of access.

The Internet has dramatically changed the way state and local governments do business. Today, government agencies routinely make much more information about their programs, activities, and services available to the public by posting it on their websites. As a result, many people can easily access this information seven day a week, 24 hours a day.

Many government services and activities are also provided on websites because the public is able to participate in them at any time of day and without the assistance of government personnel. Many government websites offer a low cost, quick, and convenient way of filing tax returns, paying bills, renewing licenses, signing up for programs, applying for permits or funding, submitting job applications, and performing a wide variety of other activities.

The Americans with Disabilities Act (ADA) and, if the government entities receive federal funding, the Rehabilitation Act of 1973 generally require that state and local governments provide qualified individuals with disabilities equal access to their programs, services, or activities unless doing so would fundamentally alter the nature of their programs, services, or activities or would impose an undue burden. One way to help meet these requirements is to ensure that government websites have accessible features for people with disabilities, using the simple steps described in this document. An agency with an inaccessible website may also meet its legal obligations by providing an alternative accessible way for citizens to use the programs or services, such as a staffed telephone information line. These alternatives, however, are unlikely to provide an equal degree of access in terms of hours of operation and the range of options and programs available.

The World Wide Web Consortium (W3C) sets the main international standards for the World Wide Web and its accessibility. W3C created the Web Content Accessibility Guidelines (WCAG 2.0 and 2.1) which are similar to Section 508, but on an international level. WCAG 2.0 and 2.1 requires specific techniques for compliance and is more current than Section 508.

Many countries and international organizations require compliance with WCAG 2.0 and 2.1. The guidelines are categorized into three levels of compliance: A (must support), AA (should support), and AAA (may support). Representatives from the accessibility community around the world participate in the evolution of these guidelines.

#### 2.1 Common Problems and Solutions in Website Accessibility?

#### 2.1.1 Problem: Images Without Text Equivalents

#### Solution: Add a Text Equivalent to Every Image

Adding a line of simple HTML code to provide text for each image and graphic will enable a user with a vision disability to understand what it is. Add a type of HTML tag, such as an "alt" tag for brief amounts of text or a "longdesc" tag for large amounts, to each image and graphic on your agency's website.

The words in the tag should be more than a description. They should provide a text equivalent of the image. In other words, the tag should include the same meaningful information that other users obtain by looking at the image. In the example of the mayor's picture, adding an "alt" tag with the words "Photograph of Mayor Jane Smith" provides a meaningful description.

In some circumstances, longer and more detailed text will be necessary to convey the same meaningful information that other visitors to the website can see. For example, a map showing the locations of neighborhood branches of a city library needs a tag with much more information in text format. In that instance, where the map conveys the locations of several facilities, add a "longdesc" tag that includes a text equivalent description of each location shown on the map – e.g., "City Center Library, 433 N. Main Street, located on North Main Street between 4th Avenue and 5th Avenue."

#### 2.1.2 Problem: Documents Are Not Posted In an Accessible Format

#### Solution: Post Documents in a Text-Based Format

Always provide documents in an alternative text-based format, such as HTML or RTF (Rich Text Format), in addition to PDF. Text-based formats are the most compatible with assistive technologies.

#### 2.1.3 Problem: Specifying Colors and Font Sizes

#### **Solution: Avoid Dictating Colors and Font Settings**

Websites should be designed so they can be viewed with the color and font sizes set in users' web browsers and operating systems. Users with low vision must be able to specify the text and background colors as well as the font sizes needed to see webpage content.

#### **Solution: Include Audio Descriptions and Captions**

Videos need to incorporate features that make them accessible to everyone. Provide audio descriptions of images (including changes in setting, gestures, and other details) to make videos accessible to people who are blind or have low vision. Provide text captions synchronized with the video images to make videos and audio tracks accessible to people who are deaf or hard of hearing.

#### 2.1.5 Web Content Accessibility Guidelines (WCAG)

#### **Understanding the Four Principles of Accessibility**

The guidelines and Success Criteria are organized around the following four principles, which lay the foundation necessary for anyone to access and use Web content. Anyone who wants to use the Web must have content that is:

- 1. **Perceivable** Information and user interface components must be presentable to users in ways they can perceive.
  - This means that users must be able to perceive the information being presented (it can't be invisible to all of their senses)
- 2. **Operable** User interface components and navigation must be operable.
  - This means that users must be able to operate the interface (the interface cannot require interaction that a user cannot perform)
- 3. **Understandable** Information and the operation of user interface must be understandable.
  - This means that users must be able to understand the information as well as the operation of the user interface (the content or operation cannot be beyond their understanding)
- 4. **Robust** Content must be robust enough that it can be interpreted reliably by a wide variety of user agents, including assistive technologies.
  - This means that users must be able to access the content as technologies advance (as technologies and user agents evolve, the content should remain accessible)

#### If any of these are not true, users with disabilities will not be able to use the Web.

Under each of the principles are guidelines and Success Criteria that help to address these principles for people with disabilities. There are many general usability guidelines that make content more **usable by all people**, including those with disabilities. However, in WCAG 2.1, we only include those guidelines that address problems particular to people with disabilities. This includes issues that block access or interfere with access to the Web more severely for people with disabilities.

See reference section at the end of this document for more information and websites for ADA, Usability and other important compliance issues and solutions.

VGlobalTech development and business management team shall study these compliance guidelines and with our technical capabilities apply these to make your website accessible, compatible and fully functional for all people, including those with disabilities.
